Re: Docket No. W-03936A-04-0840

Decision No. 67982

Quarterly report of leak fund

- Leak fund was established October 10, 2005
- The following amounts have been deposited in the leak fund:
 - August \$404.08
 - September 188.00
 - October 198.00
 - November 172.00
 - December 372.00
 - Total \$1345.09 (includes earned interest)
- On February 13, 2006 we withdrew \$845.00 to replace inventory parts used to repair leaks. We must maintain an inventory of parts because we are approx. 85 miles from Downtown Phoenix and we must be able to respond to leaks quickly.
- Major leaks repaired since January 1, 2006 include:
 - * 2" service line in a non-residential area broken by the fire department while fighting a 150 acre brush fire.
 - * 4" main line leak discovered in a rural area. Leak occurred at a failed glue joint under ground.
 - * 6" main line and 2" service line at 546th Ave. Lines broke by APS because Blue Stake failed to notify us.

Since January 01, 2005 we have repaired nine (9) major leaks. We constantly look for leaks and repair them as soon as possible.
